

## DOCUMENT FOR PEOPLE WITH DISABILITIES

The hotel is new and has the latest accessibility equipment. Here is the equipment available in our establishment:

- Two bungalows are accessible to people with reduced mobility: access ramps, wider doors, bar at wheelchair height, adapted toilets, room layout adapted to allow free movement.
- The path between the different areas of the hotel is made of cement and allows easier circulation between the reception and the bungalows.
- A parking space for disabled people is located approximately 20m from the entrance to the reception.
- The reception toilets (toilets and showers) are suitable for disabled people.
- Fire alarm devices are suitable for all types of disabilities.
- A wheelchair is at your disposal.

Further information :

- To date, the paths do not go all the way to the beach. However, you can request assistance from our teams to facilitate access.
- To enter the hotel after 8 p.m., only the exterior gate is open. You will then have to contact the guard who will open reception for you to access your bungalow. The guard is on site all night.
- To find out about accessible activity providers and restaurants, do not hesitate to contact reception. Our team will be able to assist you in planning your stay.

The hotel staff remains available for assistance and any possible questions.
